The companies can nominate their best circles with a maximum of 4 members per Circle. As the competition is open for Shopfloor, Maintenance and Office side circles, we request members to nominate circles from these areas.

Points to ponder:

1. **This is totally different from the Kaizen competition, which expects, how the Pillar KPI allocated to the circle as KAI is implemented in the Circle level by using the pillar methodology.**
2. **How the KAI is derived from the KPI, has to come out clearly**
3. **How the three jewels of JH like, Circle meeting, Circle board and the OPL are used to achieve the KAI.**
4. **The Pillar specific tools that are used in the circle level has to be explained clearly and not only the Kaizens.**

Some of the suggested presentation contents include:

1. Linkage with factory KMI, Pillar KPI and TPM Circle objectives
2. Method of conducting circle meetings
3. Benchmark and target setting
4. Sequence of planning of improvement – daily, weekly, monthly etc.,
5. Explaining the key Kaizens
