

29TH TPM FACILITATORS COURSE

15-19 April 2019, Pune

5 day Certification program

An opportunity to learn, excel, grow and open a whole new world of TPM Excellence through TPM Facilitators Course

INTRODUCTION:

We, at TPM Club India, have been serving the Indian Manufacturing Sector, for over a decade and half, through training, consulting and actual handholding in implementation of TPM, as advocated and practiced by JIPM (Japan Institute of Plant Maintenance) the original developers of TPM methodologies, world over. The TPM Facilitators Course has been developed in the TPM CLUB with a goal of developing such professionals in the companies who are practicing and initiating TPM.

To understand, assimilate and implement TPM inside any organization, calls for a firm comprehension of the principles and methods of the various pillar activities, by the secretariat, since it is they who have to ensure a structured way of TPM implementation. Depending upon the size of the organization, a minimum of two persons would be required to possess this knowledge, to deploy among the operating teams, middle and senior management alike.

To cater to this growing demand, TPM Club India, has developed the FACILITATORS COURSE, focused towards senior management members or Site Heads or the TPM Coordinators.

BENEFITS TO THE ORGANIZATION:

The programme would impart both knowledge and skills to introduce and support TPM at all stages of TPM development. The TPM approach followed in this programme is strictly in line with the JIPM methodology. Participants would be exposed to TPM through classroom training and case study presentations. The programme concludes with an examination that would qualify the participants as TPM in-house Facilitators.

TAKE AWAYS:

- Understanding and coverage of TPM Knowledge & its Pillars
- Importance of TPM with respect to today's challenges.
- TPM Facilitator roles and responsibilities
- Implementation of TPM from shop-floor to other departments (Step by step details)
- Lead in TPM methodology by organizing activities, giving training and become a guide
- Learning of different tools, techniques & processes for better productivity, higher quality to achieve Zero Defect & Zero Accident status
- Case studies of TPM Excellence Award Companies

TARGET AUDIENCE:

TPM Co-coordinators | Pillars Heads & Chairman | Engineers & Managers who do practice TPM or responsible for TPM Activities | People from Management, Middle Management and Sr. Management who would like to learn TPM and its implementation process | People who have done TPM Facilitators course earlier and now looking to refresh and update their knowledge.
