

Two Days Workshop on

DEVELOPING RIGHT METRICS

Connecting Lead & Lag Measures for a Sustainable Performance

METRICS THAT HELP YOU SEE BEYOND THE APPARENT

5-6 March 2019
Coimbatore

Metrics are Vital to understand Organizational performance. They are the eyes of the management as Steering controls. Developing the right metrics and connecting Lead & Lag indicators will help to monitor, understand, predict and control performance of the Organization. When understood and leveraged correctly, they help drive outcomes associated with all stakeholders.

Lead and Lag indicators are two types of measurements that helps to understand the cause and effect relationship thereby strengthening the Process Management framework and accelerate the Organisations journey towards Excellence and realizing the Vision.

This 2 day workshop is intended to help Business practitioners to understand the design and use of metrics for enhancing Organizational Performance for a holistic, stakeholder focussed performance. It also helps to understand the many facets of 'one to one' and 'one to many' relationship of Lead and Lag indicators.
